# **Sunil Shopping Center waiting** for accident?

Mumbai: When the building in the city is disreputable BMC declared them dangerous but how many such buildings should be demolished immediately so that no property or Life should be lost. Such that Sunil shopping center which was declared dangerous by BMC several months ago and most people went emptied and left, but BMC has not demolished it yet. Nearly 50 year ago, a building called Sunil Shopping Center was built opposite Navrang Talkies in Andheri West .The iron rods in the building are shabby in a rusty state. Structural audit of the building was done by the K / West department in January last year and they declare it dangerous and they aware the locals about that it is dangerous. Almost one and a half year passed, this dangerous building has not yet been demolished. If this building was built on the road side, then it will be automatically demolished during the rainy season then there is a danger of life or property from a passer-by or passing by the road. Despite being declared dangerous by the BMC it is not being destroyed yet. Last month a disreputable building collapsed in the fort area in which many people lost their Life, Then the concerned department woke up and a decision was taken immediately. During that time instructions were given to demolish the disreputable and deceptive buildings, But BMC has not paid attention to this shabby building yet, maybe BMC is waiting for a big accident.

## Mumbai records only 587 cases; BMC says tech issue

Mumbai: The city has reported 587 new Covid-19 cases on Tuesday, its lowest daily figure in the past 105 days since May 12, when Mumbai's daily count was 426. However, the Brihanmumbai Municipal Corporation (BMC) clarified in its daily evening media bulletin on Tuesday, that the low number of cases is due to a "technical issue" on the ICMR (Indian Council of Medical Research) website. "Complete case data is not available today, it will be uploaded tomorrow," the bulletin mentioned. "[The numbers are based on information received from various hospitals and data uploaded on the ICMR portal by certified labs/Covid portal of GOI (Government of India) by district," said the civic body, adding that the data is subject to change after scrutiny and an ongoing verification process. As of Tuesday, the total Covid count for Mumbai was 137,683, of which 17,938 are active cases. Mumbai also reported 35 new deaths due to Covid-19 on Tuesday, taking the toll to 7,477. The case fatality rate in Mumbai is 5.4% and the recovery rate is 81%. Municipal commissioner Iqbal Singh Chahal said, "We should wait and watch before coming to any inference. We cannot be complacent and should never lower our guard." On August 24, Mumbai conducted 5,960 Covid-19 tests, lower than the average daily of 8,000-9,000. "We are conducting 8,000 to 9,000 tests every day. BMC is trying hard to make it to 12,000 to 14,000 tests daily, but unfortunately, people are not coming forward to get tested. Around 80% of the people are asymptomatic, and the number of symptomatic people has reduced," said Chahal.
